I. INTRODUCTION

Introduction:

An obstacle to the use of Mass Transportation is frequently the lack of information that the public has concerning these services. The Old Colony Planning council has again updated its Transit Directory to provide the public with information on available mass transportation alternatives in the region. This Directory includes detailed maps of all areas served by mass transit and maps of commuter parking lot sites. Comprehensive schedule and fare information for carriers serving the region as of, February, 1992 is also included.

Public and private mass transportation remains an efficient means of moving people from points both inside and outside of the Old Colony Region. The Brockton Area Transit Authority (BAT) serves as the predominant provider of bus transportation. BAT provides fixed route operations in the communities of Brockton, Stoughton, Avon and Bridgewater. BAT also provides a demand responsive Dial-A-Ride service in Brockton, Avon, Bridgewater, East Bridgewater, West Bridgewater and Abington for the elderly and handicapped. Several private bus companies, and the Massachusetts Bay Transportation Authority (MBTA) provide inter-regional service.

The Massachusetts Bay Transportation Authority has made great strides in providing accessible transportation. Recent improvements include "THE RIDE" program (door-to-door service for physically/mentally disabled), expansion of the lift-equipped bus fleet, planned procurement of accessible rail cars and ongoing projects to increase accessibility at rapid transit and commuter rail stations. Refer to Section VII.

All Regional Transit Authorities (RTA) currently offer reduced fares on buses for disabled individuals who qualify for special use passes. Massachusetts is the first state to have legislated a universal transportation access pass which can be utilized by handicapped individuals on all public transit systems in the Commonwealth.

BAT plans to purchase six lift-equipped mini-buses through Fiscal Year 1994. Bat also accepted delivery of twenty-nine lift-equipped fixed route transit coaches in November, 1991 which are currently in service and are in conformance with the mandate of the Americans with Disabilities Act (ADA).

Another first-in-the-nation program is EOTC's accessible intercity bus program.

The Old Colony Rail Rehabilitation project continues to make progress in 1992. The plan calls for the reinstitution of commuter rail service from Braintree to Middleborough, Plymouth and the Greenbush section of Scituate.

Due to delays in environmental reporting, the revised timetable calls for all 3 lines to be in service in 1996.

The completion of the Southeast Expressway reconstruction in November, 1985 was welcomed by commuters. The project had successfully promoted and increased the use of alternative modes of transportation such as express buses, rail, and boat. In addition, many private bus companies and BAT had increased the daily number of bus runs to Boston. This directory presents the most up-to-date bus schedules available.

Maps of every town are provided so the reader may note the paths of the bus routes taken through that community. A code designation is used to identify the carrying company. Section VI of the report provides schedule and fare information for all bus routes. Telephone numbers, and addresses of the carriers are also included in order that companies may be contacted concerning service, pass programs, special services, etc.

Commuters located in an area not covered by transit can consider ride sharing or vanpooling. CARAVAN is a state-funded non-profit commuter services company which has formed more than 365 vanpools since 1978. CARAVAN may be contacted by calling 227-7665 or writing to CARAVAN, Suite 2180, 10 Park Plaza, Boston, MA 02116. Refer to Section VIII for further information.

As a further aid to carpoolers, the State operates commuter parking lots (park and ride) to provide convenient meeting places for carpoolers. Private bus companies also pick up and discharge passengers at selected park and ride lots. The last few years has shown a noticeable increase in the number of lots used for this purpose. This directory contains maps and updated list of these sites.

The Council believes that this Transit Directory provides valuable information on all transportation alternatives to the private passenger car. Transportation alternatives to the private automobile are actually numerous in the region. They offer many advantages when compared with some of the hassles of private auto travel. It is hoped that this directory will provide an incentive to consider and use other forms of travel. The region as a whole benefits from reduced energy consumption, air pollution and traffic congestion.

DON'T MISS THE BUS ...USE BUS STOPS

BAT has installed new bus stop signs on these busy streets:

BELMONT STREET
CENTRE STREET
COMMERCIAL STREET
CRESCENT STREET
GROVE STREET
MAIN AND NORTH MAIN STREET
NORTH MONTELLO STREET
OAK STREET
PERKINS AVENUE
PLEASANT STREET
WARREN AND
NORTH WARREN AVENUE

To catch a bus on one of these streets, please stand at a BAT bus stop sign—you will find them on telephone poles. If the signs are on the opposite side of the street, stand across from one.

When you want to get off the bus on one of these streets, signal the driver by pushing the buzzer—he will stop the bus at the next bus stop sign.

Bus stop signs are intended to help the driver see you so that you don't miss the bus. Also, by limiting the number of times the bus has to stop, BAT will stay on schedule and get you where you want to go sooner.

On other streets, BAT will continue its present flag-stop policy and will stop at any safe location.

Whenever you want to get on a BAT bus, signal the driver by raising your arm as the bus approaches.

VII. SPECIAL NEEDS, TAXI AND AIRPORT LIMOUSINE TRANSPORTATION SERVICES

PARA-TRANSIT SERVICE I THE OCPC REGION

A. Public Non Profit Para-Transit Service

1. DIAL-A-BAT - The Paratransit Service of the Brockton Area Transit Authority BAT 584-5530, Brockton

The Brockton Area Transit Authority (BAT) has implemented an innovative paratransit service that both complements regular BAT fixed route transit service and consolidates transportation for most area human service agencies. The paratransit service, known as DIAL-A-BAT, provides door-to-door transportation to the elderly and handicapped. DIAL-A-BAT also provides coordinated transportation for most area human service agencies, resulting in better service at lower cost.

Beginning operation in February 1977, DIAL-A-BAT now carries over 27,000 people each month. Approximately 1000-1200 of the trips are provided by non-ambulatory individuals.

DIAL-A-BAT is headquartered at BAT's Campello Garage at 1442 Main Street.

Organization and Administration - BAT is responsible for making policy, setting rates and fares, and establishing agreements with participating human service agencies for DIAL-A-BAT service. BAT owns all facilities and equipment used in the operation. The service is operated under contract by Self-Help, Inc., the non-profit community action agency overseeing a number of human service programs in the Brockton area. Self-Help employs DIAL-A-BAT drivers, management, and office staff. Baystate Bus Corporation, operator of BAT's fixed route service, maintains all DIAL-A-BAT equipment and provides drivers for two of the vehicles.

Service Area and Hours of Operation - The DIAL-A-BAT service area includes the city of Brockton and selected medical destinations in surrounding towns. The Americans with Disabilities Act of 1990 requires that complementary paratransit be provided wherever fixed route service exists.

Consequently, as of January 26, 1992, Dial-A-Bat's hours of operation were expanded to 6:00 a.m. to 8:40 p.m., Monday through Friday and from 7:20 a.m. to 6 p.m. on Saturday.

In Stoughton, complementary paratransit is now provided along the fixed Route 14 corridor from 6:00 a.m. to 6:00 p.m. Monday through Saturday.

The Dial-A-Bat service area includes the Towns of Avon, Abington, Bridgewater, Brockton, East and West Bridgewater.

DIAL-A-BAT provides evening and weekend service for special occasions (e.g., meetings, parties and other special events) upon request.

Eligibility - Eligible riders must be residents of the DIAL-A-BAT service area who are 65 plus years of age, or who are certified as disabled. Individuals maybe considered ADA paratransit eligible on the basis of a permanent or temporary disability.

DIAL-A-BAT also transports human service agency clients (who need not be otherwise eligible) when the trips are authorized in advance by a participating agency.

Types of Service - DIAL-A-BAT offers three types of shared ride service designed to maximize utilization of vehicles, reducing costs. All service is door-to-door and as necessary, the driver assists riders between the vehicle and the door of the origin of destination.

a) Dial-a-Ride (DAR) - Individualized service is available to eligible riders and for authorized trips by clients of participating agencies. Some DAR trips occur on a regular basis--these trips need only be reserved once, although the DAR office must be notified of occasional cancellations (preferably a day in advance). Most DAR trips are occasional trips reserved the day before.

   Eligible riders request service by calling DIAL-A-BAT. Clients of participating agencies arrange their trips through their agencies. All requests for service, whether by agency clients or eligible riders, must be made at least one day in advance. If a return trip is not scheduled in advance, patrons call the DIAL-A-BAT office to arrange for their return, which is usually provided within twenty minutes of the request.

b) Subscription (SUB) - Service is available to agency groups or groups of eligible riders primarily for transportation to and from regularly scheduled programs, such as pre-school or elderly meal programs. Most groups travel on a regular basis, e.g. one or more days every week.

   Subscription trips taken by the agency groups are arranged by the agencies through the DIAL-A-BAT office. Individual clients are not directly involved except in the case of trip cancellations. A group of six or more eligible riders traveling together may arrange for subscription service on their own.

c) Out-of-Town (OOT) - A limited amount of transportation is available to eligible riders (referred by participating agencies) and authorized agency clients for trips to medical destinations outside the DIAL-A-BAT service area--primarily hospitals in Boston.

   Transportation to these and other points outside the DIAL-A-BAT service area is provided at cost to participating agencies if vehicles are available.

Fares for Eligible Riders - Fares are $1.50 per one-way dial-a-ride trip and $ .50 per one-way subscription trip when travelling within Avon, Abington, Bridgewater, Brockton or East Bridgewater or West Bridgewater. Travelling from one town to another costs $3.00 each way. The round trip fare to Boston is $10.00 per round trip and $5.00 one-way from each town.

Fares charged for complementary paratransit service can be no more than twice the fare for a comparable trip made by a person without a disability on the fixed route system. Consequently, ADA paratransit eligible riders within Brockton and Stoughton pay $1.20 per one-way trip while those traveling between Brockton and Stoughton pay $1.50 each way.

Agency Rates and Billing - Rates for agency transportation are listed on the attached schedule. BAT expects agencies with state or federal funding for client transportation to pay the full cost of that transportation. Requests for variations from the standard rates will be considered individually by BAT.

Agency clients pay nothing when they ride. Agencies are billed monthly for both DIAL-A-BAT subscription and dial-a-ride service. Subscription service is billed on the basis of hours of service and dial-a-ride is billed on a per trip basis. BAT provides a standard invoice listing the number of trips or hours of service, and the rate. Provision of Additional billing detail can be arranged with the DIAL-A-BAT office.

Vehicles - DIAL-A-BAT currently operates 33 mini-buses specially designed for transporting the elderly and handicapped. All are equipped with two-way radios and wheelchair lifts.

In some cases, dial-a-ride service is provided through private taxi companies. The same fares, rates, billing, and payment procedures apply.

Drivers - All DIAL-A-BAT drivers are trained in defensive driving, basic Red Cross first aid, cardio-pulmonary resuscitation, and sensitivity to the problems of elderly and handicapped persons.

Insurance - DIAL-A-BAT carries substantial liability insurance.

How to Obtain DIAL-A-BAT Service for your Agency - Call DIAL-A-BAT's Manager of Mobility (MOM) to discuss agency service needs. MOM will make a preliminary determination if DIAL-A-BAT can provide the service desired and inform you of the appropriate rate(s).

Before service can begin, a Letter of Agreement must be signed by BAT and the agency. Possible variations from the standard agreement or rate can be discussed with BAT. BAT will send a Letter of Agreement for your signature.

A summary of DIAL-A-BAT services is on the next page.

Brockton Area Transit (BAT)

Who can ride *dial-a-bat*?

Anyone 65 years or older.

Anyone, regardless of age, who by reason of physical or mental disability is unable to ride a regular ***bat*** bus. For information on obtaining a special needs identification card call ***dial-a-bat*** at 584-5530.

Where can I go on *dial-a-bat*?

You can use ***dial-a-bat*** to go shopping, to the doctor, to visit friends, or any place in Brockton, Avon, Bridgewater, East Bridgewater, West Bridgewater or Abington. ***dial-a-bat*** also provides service to nearby medical facilities including Goddard Hospital, Park Medical Associates and West Bridgewater Medical Center.

How do I arrange my trip?

Call one of the phone numbers listed below at least one day before you wish to travel.

Brockton	584-5530
Abington	878-1805
Avon	588-0414
Bridgewater	697-8618
East Bridgewater	378-2471
West Bridgewater	584-8294

How do I get picked up?

Please be ready and watching for your van ten minutes prior to your pick-up time. If you are not outside waiting, drivers will make their presence known by sounding the horn. Please help us maintain our schedule by being ready.

How do I get home?

If possible, reserve your return trip in advance. Otherwise, when you are ready to go home, call. In most cases, ***dial-a-bat*** will pick you up in twenty minutes or less.

What are the fares?

The fare is $1.50 each way. If you travel from one ***dial-a-bat*** community to another, the fare is $3.00 each way.

Groups of 6 or more people traveling together ride for half fare.

Please have the exact fare since drivers cannot make change.

What about attendants and companions?

If you need an attendant for assistance, that person can ride free. Other companions may ride and pay the regular fare.

What about Boston hospitals?

Limited service is available to some Boston hospitals for medical treatment not available in the Brockton area. The cost is $5.00 each way. Seats are limited so please call before you make your appointment.

What if my plans change?

If you find you have to cancel or reschedule your trip, you must notify us as soon as possible. That way, our vehicles will be free to serve other people.

The Massachusetts Bay Transportation Authority (MBTA) provides a Transportation Access Pass for qualified persons with disabilities. This pass permits travel on the MBTA, as well as public transportation systems of all other Regional Transit Authorities in Massachusetts, at reduced fares. Individuals who apply and are approved are issued a photo identification pass.

Who is eligible for a Transportation Access Pass?

If you live in Massachusetts, you are eligible for a Transportation Access Pass if any of the following apply:

a. have difficulty walking more than 200 feet to a bus route or final destination because of a severe physical or mental impairment, OR
b. use a wheelchair, OR
c. are legally blind, OR
d. are considered deaf and your hearing is uncorrectable by use of hearing aid, OR
e. have a severe mental or emotional disorder and are participating in a day program.

If you have a permanent disability you will be issued a five-year Transportation Access Pass. You are automatically eligible if any of the following apply: 1) If you are registered for THE RIDE, 2) you are a Veteran with a disability rating at or above the 70% level, or 3) you have a valid Medicare Card. Call the Senior and Access Pass Office for details.

Are temporary disabilities covered?

Individuals who have a temporary disability which will last for at least six months may apply for a temporary Transportation Access Pass, which will expire in one year.

How do I apply for a Transportation Access Pass?

1. Request an application form from the Senior and Access Pass Office. Call 617-722-5438 (TDD 617-722-5854) between 8:30 am and 4:15 pm, Monday through Friday (closed all holidays).

NOTE:If you reside outside the designated MBTA service area, you will need to apply to the Transit Authority that serves your area. Call the Senior and Access Pass Office for more information.

2. After receiving an application from the MBTA, complete and sign the "Applicant's Section".

3. A licensed physician, psychologist or Social Worker (Level III) must complete the remaining sections and sign the ic
4. Return the application by mail or in person to the MBTA Senior and Access Pass Office.
5. The MBTA will review your application.
6. A notification will be mailed to each applicant within 14 days. If approved, your photo will be taken and pass issued at the Senior and Access Pass Office. A $3.00 service fee is charged (cash only). If denied, your notification will explain why you were not eligible.

If you have any questions regarding this procedure, please call 617-722-5438 (TDD 617-722-5854).

What does the Transportation Access Pass cost?

First Pass	$3.00
First Replacement	$5.00
Second Replacement	$10.00
Subsequent Replacements (until expiration)	$10.00

It is not necessary to reapply if unexpired pass is lost or stolen. Simply come to the Senior and Access Pass Office with identification.

FARES

Cash, tokens or passes can be used on these buses. Elderly and handicapped persons may apply for a Special Needs or Senior Citizen Pass, making them eligible for discount fares. Call 722-5438 for further information.

REMEMBER

1. Lift bus requests can be made between 8:00 AM and 4:00 PM, Monday through Friday only (not on holidays or weekends). However, you must call before 1:00 PM to request a trip for the following day.

2. To request Saturday, Sunday or Monday service, you must call before 1:00 PM on the previous Friday.

3. The following holidays will be observed, and no lift bus requests will be taken on these days:

New Year's Day	Independence Day
Martin Luther King Day	Labor Day
Washington's Birthday	Columbus Day
Patriot's Day	Veteran's Day
Memorial day	Thanksgiving Day

C. Private Non Profit Para-Transit Service

1. South Shore Community Action Council (CAC) 746-6874, Plymouth.

The South Shore Community Action Council, a community service agency, began providing elderly and handicapped transportation in February, 1976 as a one year demonstration program. Following this one year program, the CAC formed its own transportation department in April, 1977, and has been providing service since that time for approximately 24 communities in the Old Colony Region.

CAC service is provided by one station wagon, thirteen wheelchair equipped passenger vans, and one mini-bus. Clients are provided demand-responsive service through reservations made 24 hours in advance. Hours of operation are generally 6AM to 10PM Monday through Saturday with the majority of trips being medically related. Sunday afternoon service is available primarily for transporting mentally handicapped individuals to recreation facilities. CAC also has a contract with the Greater Attleboro Taunton Regional Transit Authority (GATRA) which provides CAC with 3 additional vans.

Special services include trips from the Evanswood Day Healthcare facility in Kingston and the Baypath facility in Duxbury. Some recreation trips are provided from nursing homes in Plymouth, Duxbury and Middleboro.

The arrangement of service is by contract with various social service agencies such as the communities of Hanson, Pembroke, and Plympton Agencies on Aging, the Old Colony Elderly Service, and the State Department of Public Health. CAC's service area includes the following towns: Carver, Duxbury, Kingston, Marshfield, Middleboro, Pembroke, Plymouth, Plympton and Wareham.

2. Old Colony Elderly Service (OCES) 584-8890, Brockton.

Old Colony Elderly Service, Inc. (OCES) is a private non-profit corporation which provides service to support "the independent living of Elders." OCES serves people over sixty in the greater Brockton area.

Transportation is primarily arranged for individuals who require essential medical treatment at area institutions and have no other means of transportation. OCES contracts with a vendor for wheelchair transit to service disabled clients.

D. Private For Profit Transit Service

1. Park Transportation Co., Inc. 580-1355, Avon

The Park Wheelchair Transit Co. in Avon provides transit service for the elderly and handicapped. The company was established in 1971 to provide transportation for handicapped children to and from school. Several years later Park Wheelchair Transit negotiated an agreement with Old Colony Elderly Services, to provide transportation service for the elderly. Since then, Park Wheelchair Transit Co. developed a working relationship with other social service agencies in the area to provide

transportation service for special needs individuals to hospitals, school , and work programs.

Park Wheelchair Transit Co. service is provided by 100 passenger vans and station wagons, 3 school buses and 20 wheelchair equipped passenger vans. Park Wheelchair Transit Co. contains two elements: demand-responsive service to individuals and subscription service to clients of social service agencies. The demand-responsive service is available 24 hours a day, seven days a week. Reservations must be made at least 24 hours in advance.

The arrangement of service is by contract with social service agencies in the region. Park Wheelchair Transit Co. service area includes all the OCPC's communities and Southeastern Massachusetts communities.

2. Taxi Service

Twelve taxi companies presently offer for-hire transportation in the Old Colony region. These companies generally operate within the local community service area. The communities of Brockton, Plymouth and Stoughton receive the most extensive taxi coverage in the District. Overall, more than one-half of the providers and 75 percent of the vehicles operate from within these localities. The table on page 7-19 provides a summary of the taxi service operating in the Old Colony region.

3. H.T. Drummond Inc. Van Service 293-6264, Halifax

Van service is available from Plymouth and ten other communities to Boston on a daily basis. The fleet consists of twenty passenger vans which provide round trip service. Boston stop offs include the MBTA South Station, Government Center, Park Square, Copley Square, State Street and Post Office Square.

VIII. COMMUTER PARKING LOTS AND SOUTHEAST EXPRESSWAY ALTERNATE COMMUTER TRAVEL

Commuter Park and Ride Lots and Alternate Commuter Travel

In November, 1985, the Southeast Expressway reconstruction was completed. The two-year, $63 million project included total rehabilitation of all 15 Expressway bridges, revamping of emergency turnouts, a new lighting system, upgraded signage, and widening of critical areas.

The project has successfully promoted and increased the use of alternative modes of transportation. Massachusetts Department of Public Works (MDPW) statistics indicated an increase in the use of rail, express bus, and boat transportation during the reconstruction period.

Commuters from the OCPC region may still consider using the following alternative routes, which extend from Route 128 to downtown Boston. The are:

Morrissey Boulevard
Dorchester Avenue
Blue Hills Avenue
Route 1

All of these routes are accessible from Route 128 and are in close proximity to Route 24, the major carrier in the OCPC region. The map on page 8-2 shows each of these routes inside the Route 128 belt. MBTA train and commuter rail stops as well as park and ride locations are also depicted. Commuters from the OCPC region considering these routes as alternates are advised to consider them on a trial and error basis.

Commuter Information Services

One call to CARAVAN puts our team to work. You'll get up-to-the-minute comprehensive information on transportation options which meet your specific needs.

Call CARAVAN for complete information about:

- MBTA rapid transit, bus, and commuter rail service
- Carpools
- Vanpools
- Private carrier bus service
- Commuter boat service
- Park & Ride lot locations
- Construction project updates and travel routes

Vanpool Administration Services

CARAVAN's vanpool fleet is hard at work all over Massachusetts. And it's growing to meet more commuters' demands every day.

Thousands of riders have found that vanpools give them a reliable, inexpensive ride to work. Vanpools consist of 12-15 commuters who share the same work trip. Joining a vanpool means you can relax and enjoy a chauffeured ride to work each day, or drive a van and commute for free. Through CARAVAN's multi-vendor program, commuters can choose from a variety of vehicle styles and luxury options in addition to a comprehensive maintenance and insurance package.

RideSource:

The Transportation Matching Network

Join the RideSource network to get in contact with commuters and vanpool groups in your area. Complete the registration card, or call CARAVAN and speak with one of our Information Specialists to learn about all the efficient, cost-effective transportation options in your area.

Once we have your registration information, CARAVAN will place your name in our database to match you with other RideSource subscribers who share your commute. In just a few days, you'll receive a free transportation matchlist detailing all your options. Your list will include the names and telephone numbers of other commuters; just call them to set up your own carpool or start a vanpool. Your information will remain in our database for six months so that others may contact you in the same manner.

So, call CARAVAN at **227-POOL** (inside the Boston area) or **1-800-248-5009** (outside the metropolitan area) to discover your commuter transportation options.

And remember, CARAVAN's services are all offered free of charge to commuters throughout Massachusetts.

You'll see. It really is a better way to work.

X. Municipal Airports

AIR TRANSPORTATION

There are three airfields located in the Old Colony Region: Plymouth, Hanson and Halifax Airports. All three are vastly different in type, size and kinds of planes accommodated.

Plymouth airport constitutes the only public airfield. The airfield contains two paved runways, one equipped with illumination. In length, the runways span 2500 and 3500 feet. The facility contains 27 hangers and a complement of aviation fuel and repair services.

The airport functions as a general aviation facility serving private operators and individuals. The travel accommodated by the field consists predominantly of recreational and business trips. In recent years the number of take-offs and landings recorded at this site has demonstrated a marked growth. This rapid expansion coincides with a national trend of increased general aviation activity. In addition, three charter services operate out of the field.

Hanson and Halifax Airports are part of the same facility, but are two different types of airport. Hanson Airport is a private airfield with one paved, non-illuminated runway which is 1860 feet in length. The facility contains seven hangers and emergency only aviation fuel and repair services. This general aviation facility serves recreational trips, with the number of take-offs and landings varying little from year to year.

The nearly adjacent Halifax Airport is a private seaplane facility which utilizes the waters of Monponsett Pond. Dock space and mooring facilities are available, as is flight instruction. Emergency only fuel and repair services are available. As was the case at Hanson, recreational trips only are served, and traffic growth is minimal.

The locations of the Hanson and Plymouth airfields are plotted on page 10-2.
